PROFILE

Full-Stack Developer and AWS Certified Cloud Practitioner skilled in designing, deploying, and maintaining robust web applications and cloud architectures. Proficient across the development lifecycle using Python, Flask, React, PostgreSQL, and AWS services. Passionate about writing clean, maintainable code and leveraging modern cloud infrastructure to solve complex technical challenges.

WORK EXPERIENCE

- photography/ videography and projection 2024 - 2026
- Lead videography and photography for weekly services, live broadcasts, and special events.
 - Operate and maintain professional sound engineering equipment to deliver real-time audio mixing and crystal-clear broadcast audio.
 - Collaborate with the production team to craft engaging video promos, dynamic sermon snippets, and social media content.

Freelancer

- Software Developer & Systems Consultant | Self-Employ 2025 - 2026
- Architect, build, and deploy custom full-stack web applications for small-to-medium businesses using React, Flask, and PostgreSQL.
 - Implement cloud hosting and automated deployments on AWS and Vercel, achieving 99.9% uptime for client platforms.
 - Conduct technical requirements gathering, system optimization, and market research to maximize client ROI and resource efficiency.

Marketing Specialist & Visual Media Coordinator

- Marketing Manager & Specialist 2024 - 2025
- Directed end-to-end visual content production, taking professional photography and shooting high-resolution promotional video campaigns to drive marketing initiatives.
 - Edited and produced high-converting photo and video assets for digital ads, social media channels, and brand campaigns using industry-standard editing software.
 - Developed and enforced visual brand guidelines to ensure consistent imagery, lighting, and video aesthetics across all marketing collateral.
 - Collaborated with external vendors and agency partners to deliver engaging multimedia assets on schedule, boosting digital customer engagement.

EDUCATION

- AWS Certified Cloud Practitioner** 2024
AWS Cloud / Data Alma
- Diploma in Software Engineering** 2026
Developer Institute | At EKH
- Certificate in Photography & Videography** 2025
RYSA Centre / Class of Photography
